Re: Swimming Pool

Dear Neighbors:

You are probably aware that Phase One of Governor Northam's opening of facilities and businesses went into effect on May 15th. Under this phase, pools can only be opened for lap swimming, with no more than 10 patrons allowed in the pool area at one time. Patrons will not be allowed to use deck furniture because they are expected to exercise only then leave the facility. Since The Grove does not have any lap lanes at this time, the decision has been made to NOT open the pool on Memorial Day weekend.

The pool and clubhouse will remain closed until the Governor rolls out Phase Two. This is expected on or about June 10th. We will re-evaluate the situation once we receive the new guidelines from the Governor's office. It is our hope that the recreational facilities can be opened at that time.

These are unprecedented times, and your understanding is appreciated. When the guidelines for Phase Two are finalized, we will write to you again and provide an update. In the meantime, please feel free to contact me or your Board with questions. I can be reached by email jmendoza@communitygroup.com. Thank you.

Sincerely,

Jo Mendoza
